

# City of Cotati Public Works Projects

Project Locations

11/28/2017

Scale 1: 19,200

## **Map Label**

### **A. Sunflower Park Tennis Court Resurfacing Project**

Completed: Sept. 2017

Description: Resurface Tennis Courts located at Sunflower Park on East Cotati Avenue.

### **B. East Cotati Street Rehab Project**

Planned Construction: Spring 2020

Description: Repave East Cotati Avenue from the easterly side of the SMART railroad tracks easterly to the City limits, to landscape the existing median, to update traffic signs, to repair and restore to ADA compliance various cracked and lifted sections of tree root damaged sidewalk, to remove & replace trees causing sidewalk damage and install needed ADA accessibility improvements to driveways and sidewalk access ramps along this segment.

### **C. Park Lighting Project**

Design Completion: Spring 2017 (est.)

Planned Construction: Spring 2018 (est.)

Description: Enhance lighting in La Plaza Park and in the Park Meadows Subdivision (McGinnis Circle), and the W. School Street tunnel.

### **D. Cator Field Accessibility Improvements Project**

Completed: Spring 2018

Description: Installation of approximately 493 linear feet of 5 foot wide concrete sidewalk to connect the existing sidewalk at the City's Community Center, along School Street to the westernmost side of the baseball field's parking lot and a section of sidewalk, extending along the west side of the basketball courts, connecting this sidewalk to the ballfield. The project also includes resurfacing and striping the basketball court street side parking lot.

### **E. West School Street Path of Travel Project**

Planned Construction: Spring 2018

Description: Extends existing bike/pedestrian path from E. School Street approximately 100 feet to Richardson Lane.

### **F. Quiet Zone Improvements**

Completed: July 2017

Description: The Federal Railway Authority required supplemental Safety Measures to be installed at the E. Cotati Avenue railroad crossing for the City to establish the Quiet Zone. Zone was established on November 21, 2017.

### **G. P-1 Sewer Pipeline**

Planned Construction: Spring 2018

Description: This is a trunk sewer under Hwy 101 relieving a bottleneck conveying wastewater flows from nearly the entire City across the 101 to the trunk sewer in Helman. To offset traffic congestion work in critical areas will be done at night. However, traffic congestion is unavoidable and the public is advised to alternative routes if possible during construction.

#### **H. Veronda Falletti Structural Improvements**

Planned Construction: Winter 2017/2018

Description: Project includes remediation and repairs to the water tower and house to preserve the structures.

#### **I. St. Josephs Sewer & Water Upsizing**

Planned Construction: Summer 2018

Description: The sewer line in St. Joseph Way is undersized and will be upsized from a 6 inch to an 8 inch pipe. A new water main will extend the existing pipeline that terminates at the Park N Ride lot to connect to the water main in Old Redwood Hwy and improve circulation and fire flow capacity.

#### **J. Community Center Reroofing**

Planned Construction: Summer 2018

Description: The Community Center's roof has exceeded its useful life span and needs to be replaced. Project removed the existing roof and solar, provides structural improvements to the roof, and installs a new roof complete with new gutters and reinstalls the solar panels.

#### **Projects Not Shown on Map**

1. Well 1A Improvements  
Construction to begin in July 2017 with completion in August 2017.
2. Citywide Bicycle & Pedestrian Safety Improvements. City to install three speed feedback signs in Summer of 2017.
